method by which it intends to pay its share of the Anglo-French loan, soon to mature here was advanced as the primary reason for the further revival of exchange.

In the money markets call and time loans were not materially altered. Contrary to its course of the two preceding days, call money held at the opening rate of 7 per cent.

Outstanding features of the stock market comprised motors, oils, steel and equipments, the two first named displaying special strength at the close. Sales 325,000 shares.

Heaviness of Liberty 3 1-2's, and several prominent industrial issues, such as United States Rubber and American Smelting, contributed to an irregular bond market. Sales (par value) \$10,150,000. Old United States bonds unchanged on call.

## Corn Leads Downward

March in Grain Market

CHICAGO, Aug. 20.—(A. P.)—All grains and provisions suffered a slump today, corn leading the downward march, although wheat started off higher. The action of corn, led by September, quickly changed the trend of the markets and all closed near the day's low. Wheat was off 1 3-4 to 2 1-2c with December \$2.37 and March \$2.38; corn showed a net loss of 5-8c to 4 3-8c and oats were 3-8c to 1c below yesterday's finish, while provisions ranged from 2 1-2c to 60c lower.

Although exporters were said to have bought 560,000 bushels of wheat yesterday, no fresh export business was reported. However, houses with seaboard connections were good buyers of futures.

Oats were dull and lower with corn. Liquidation was on in provisions and prices declined readily with packers the best buyers on the break.

Reactionary Trend Seen Again on Stock Exchange

NEW YORK, Aug. 20.—The session of the stock exchange differed in no essential particular from the listless and reactionary trend of recent days. Short and excited French pressure against many of the more volatile issues.

European affairs, as expressed by the Russo-Polish crisis, were once more an overshadowing influence, although this was perhaps less perceptible in the desultory movements of foreign exchange. Sterling, lire and marks were irregularly lower, but the Paris rate strengthened.

Local monetary conditions also provided the bears with fresh ammunition. Money continued to flow to crop centers, with consequent depletion of time funds and call loans rose to 3 per cent in the final hour after opening at the prevailing rate of 7 per cent.

Prices of stocks were mainly higher

at the outset but gave way under selling movement. Motor, metal, leather and sugar issues were most frequently singled out by the shorts, oils and shipping retrieving part of yesterday's losses at the irregular close.

Sales 375,000 shares.

Trading in bonds was progressively dull, but embraced an unusual number of issues. Many active domestic groups, including Liberty bonds, eased slightly but Dominion of Canada, \$5 of 1931 made up yesterday's two point 4-80 loss. Sales (par value) aggregated \$10,150,000. Old U. S. bonds unchanged on call.

Cattle Steady to Weak; Sheep and Lambs Lower.

KANSAS CITY, Mo., Aug. 20.—(U. S. Bureau of Markets).—Cattle, 6,500; beef steers and ship-stock steady to weak; trade slow; top yearlings 16.10; best grass steers 14@14.25; bulk 9.25; bulk 9.50@11.50; all other classes slightly but Dominion of Canada, \$5 of 1931 made up yesterday's two point 4-80 loss. Sales (par value) aggregated \$10,150,000. Old U. S. bonds unchanged on call.
